

PRESS RELEASE

FOR IMMEDIATE RELEASE

***Sailing Yacht A* – Winner of the World Superyacht Awards**

Rendsburg, May 23, 2018 – **On Saturday, 19th of May 2018, NOBISKRUG’s newbuild *Sailing Yacht A* was awarded during the renowned World Superyacht Awards Gala in Florence, Italy.**

The extraordinary superyacht managed once again to set new standards: built as the sail-assisted motoryacht, *Sailing Yacht A* could not be assigned to either the group “Motor Yacht” or “Sailing Yacht”, so a new category “Sail-Assisted Motor Yachts” was created.

The judges clearly acknowledged that the technical and environmental aspects of the yacht were truly admirable, as was the scale and quality of her construction and high level of owner satisfaction.

“We are absolutely delighted that the outstanding achievement of the team was awarded with a Neptun, says Bernd Liedtke, Project Manager of Nobiskrug, adding “A solemn occasion like the World Superyacht Awards confirms our continuous commitment in providing the highest level of quality and total customer satisfaction.”

About NOBISKRUG

Over more than a century of experience in shipbuilding, Nobiskrug has built around 750 vessels, having its current core business focused on the highly specialized construction of individually manufactured custom superyachts.

The shipyard can cover a building range from 60 to 426 meters, which is the maximum size of the dock available. Over 900 in-house employees work at the shipyard's three facilities in Northern Germany, where they have developed and built numerous internationally award-winning superyachts. With the delivery of the "Sailing Yacht A", the German shipyard once again confirmed their powerful presence among the leading superyacht builders.

Additionally, Nobiskrug provides repair and refit services at the same high quality either at the shipyard facilities in Northern Germany, in the state-of-the-art superyacht hall or in the Mediterranean Area with its flying squad and local partners.

Blending modern technology with traditional skills of German master craftsmen, Nobiskrug is entering a new era by building superyachts that will last for generations to come, in tune and ready to cruise into the 22nd century.
