

## **PRESS RELEASE**

FOR IMMEDIATE RELEASE

### **NOBISKRUG inks a 77-meter superyacht project**

Rendsburg - Germany, April 4<sup>th</sup>, 2018. **NOBISKRUG proudly announces the signing of the new 77-meter superyacht project. Imperial acted as Broker for the sale and will continue as Owner's Representative and Construction Supervisor throughout the build.**

The superyacht has a distinctive reverse bow, it boasts five decks of imposing interior and a grand beach club & spa area. The renowned Winch Design studio is responsible for the dynamic exterior and unique appearance of the yacht, while the classy and elegant interior will be under the creative pen of Sinot Exclusive Yacht Design. She will be built under the new Tier 3 regulations and the very new Red Ensign Group Yacht Code Part A.

"This new superyacht is an exciting project we are impatient to start. It will be the second over 70-metre length superyacht we will build together with Nobiskrug after the magnificent Project 783 delivered in 2012, and this project is calling many others to be developed. We are delighted to initiate new strong and successful collaborations with Andrew Winch and Sinot Design, making this new 77-metre Nobiskrug superyacht an outstanding vessel at her delivery and most certainly a class of her own", says Julia Stewart, Director of Imperial.

"With the two remarkable teams of designers and an experienced superyacht management company, we are truly excited to realize this bespoke project" says Holger Kahl, Managing Director of Nobiskrug.

The completion of the superyacht project is scheduled for spring 2021. Watch this space for key milestone updates along the way.

## **About NOBISKRUG**

Over more than a century of experience in shipbuilding, Nobiskrug has built around 750 vessels, having its current core business focused on the highly specialized construction of individually manufactured custom superyachts.

The shipyard can cover a building range from 60 to 426 meters, which is the maximum size of the dock available. Over 900 in-house employees work at the shipyard's three facilities in Northern Germany, where they have developed and built numerous internationally award-winning superyachts. With the delivery of the "Sailing Yacht A", the German shipyard once again confirmed their powerful presence among the leading superyacht builders.

Additionally, Nobiskrug provides repair and refit services at the same high quality either at the shipyard facilities in Northern Germany, in the state-of-the-art superyacht hall or in the Mediterranean Area with its flying squad and local partners.

Blending modern technology with traditional skills of German master craftsmen, Nobiskrug is entering a new era by building superyachts that will last for generations to come, in tune and ready to cruise into the 22<sup>nd</sup> century.
